

PROJECT MANAGEMENT OUTSOURCING

WHAT ARE YOUR OPTIONS?

OUTSOURCE ACCOUNTABILITY FOR THE PROJECT OR PROJECTS

Beneficial when a specific solution is required or for work outside the core capabilities of the organisation

SIMPLY HIRE A CONTRACTOR

Beneficial when dealing with short term capability or capacity challenges

DRIVE COMPETITIVE ADVANTAGE WITH PROJECT MANAGEMENT OUTSOURCING.

Contrary to popular belief that outsourcing poses a threat to an organisation's existing project management staff, project management outsourcing enables organisations to better leverage their in-house resources and capabilities, improve time to market and reduce cost.

THERE ARE A NUMBER OF OPTIONS AVAILABLE WHEN OUTSOURCING PROJECT MANAGEMENT...

OUTSOURCE THE PMO OR PROJECT MANAGEMENT WORKFORCE

Beneficial to achieve cost savings across a workforce, agility, reduced management overhead and increased accountability for the outcome of projects

OUTSOURCE SPECIFIC FUNCTIONS OF THE PROJECT WORKFORCE OR PMO

such as administration, portfolio reporting, scheduling, health checks etc. Beneficial to project environments that wish to provide an improved service with minimal budget or experience

BLEND OF ALL OF THE ABOVE

And of course a blend of all of the above to meet your organisational goals or a short term engagement combined with a skills transition to get critical work done along whilst establishing a new capability.

**Any of the above options can be organised to complement existing staff to enable better leverage of in-house talent, resources and capabilities whilst improving time to market, access to new capability and reduce cost.*
